

THE POWER TO GET AHEAD

Brüder Lube gives you the power to make servicing faster, easier & safer. Service more efficiently while reducing the manual handling of oils & drums and tracking your oil usage accurately.

Brüder Lube offers a wide range of customisations & options to help you get ahead.

THE BRÜDER LUBE CUBE

BUILT FOR YOU

The configuration of the Lube Cube is customisable to suit your needs. They can also be branded with your own logo & colours!

OIL USAGE TRACKING

Digital nozzles allow you to track your oil usage to avoid unexpectedly running out, and allow you to know exactly how much oil is used for each job.

COMPLETELY PORTABLE

The Brüder Lube Cube is powered completely by compressed air from a single air inlet - no electricity required!

ACCELERATE WORK

The quick connect air and oil fittings on the pumps allow for the fastest possible swapping of drums to keep your job flowing smoothly.

LESS MESS

Features a waste oil extraction system which sucks directly from the machine and removes double handling.

LIGHTEN THE LOAD

15m hoses allow for easy oil transfers to save manual handling of oil drums.
